

ATD INTRODUCE NEW LINE OF SCHMID-M PUSH BUTTON nonstick button, self-locking button, rotate button, key button, scram button and other metal push button switch as well as the metal indicator light. They are manufactured in different designs with lighting effects and with associated connectors. Widely used in electromechanical equipment, computer, home appliance, office equipment, transportation devices, medical devices and other fields, our products have won high price from our customers.

PX16A series

High Strength & Damage Resistance Metal Push Button Switch & Indicator Light

PX19A series

High Strength & Damage Resistance Metal Push Button Switch & Indicator Light

PX19B series

High Strength & Damage Resistance Metal Push Button Switch & Associated Connector

PX22A series

High Strength & Damage Resistance Metal Push Button Switch and Indicator light & Associated

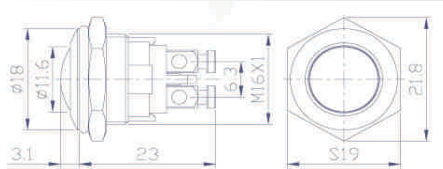

PX25A series

High Strength & Damage Resistance Metal Push Button Switch and Indicator light & Associated

PX16A series

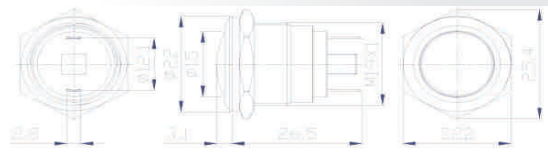

SPX16A-Q10J

Head Style: Q Ball Shape
Switch Combination: 10-1N0
Connection type: J Wiring reminal
Hull Material: PC Engineering plastics
Operation Type: Nonstick type
Faceplate Thickness: 1~3mm
Waterproof Rate: Ip65
Protection Grade: IK02

PX19A series

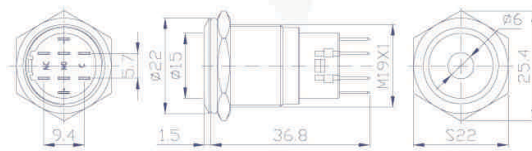

SPX19A-Q10Y/Z

Head Style: Q Ball Shape
Connection type: Pin type
Switch Combination: 10-1N0
Operation Type: Nonstick type
Hull Material (Z) : S Stainless steel
N Brass nickelage
A Aluminum alloy
anodize black

PX19B series

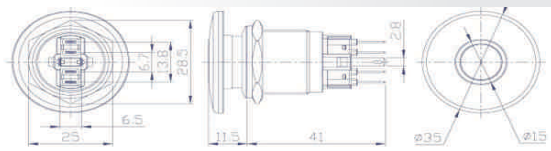

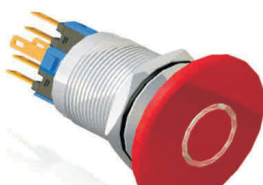

SPX19B-XYZ/W

Head Style: P Flat Round Shape
Switch Combination (X) : 11-1N01NC
22-2N02NC
Emitting Color (Y) : Red, Green, Blue, Yellow, Orange, White
Voltage with light (Z) : 6/12/24/36 V
Hull material (W) : S Stainless steel
N Brass nickelage
A Aluminum alloy
anodize black

PX22A series

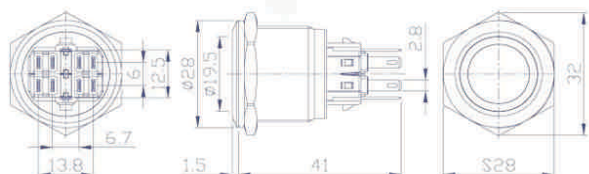

SPX22A-XYZ

Head Style: M Mushroom Shape
Switch combination: 11-1N01NC
Operation Type: Z self-locking button
Emitting Type: E Annular
Emitting Color (X) : Red, Green, Blue, Yellow, Orange, White
Voltage with light (Y) : 6/12/24/36V
Hull Material (Z) : S Stainless steel
N Brass nickelage

PX25A series

SPX25A-XYZ

Head Style: P Flat Round Shape
Switch combination: 11-1N01NC
22-2N02NC
Operation Type: F nonstick
Emitting Type: E Annular
Emitting Color (X) : Red, Green, Blue, Yellow, Orange, White
Voltage with light (Y) : 6/12/24/36V
Hull Material (Z) : S Stainless steel
