*approval on Feb 2015

- Wide input voltage range
- Increased power x3 compared to standard EI30, EI38, EI48 transformer
- Better energetic efficiency : 70% typical compared to 40% for the conventional supply
- Very low Standby Power consumption: meets requirements of Energy Star or EC code of conduct
- Same footprint as EI30, EI38, EI48 transformer : Upgrade your application without redesign of PCB
